

A Unified Ecosystem

Creating Skilled Talent, Real Experience, and Real Jobs

Persevere & Banyan Labs

Persevere and Banyan Labs work together to prepare justice-involved individuals, people facing barriers to employment, and emerging youth for technology careers through an integrated, end-to-end workforce development model.

This ecosystem builds skills, provides experience, and creates real career pathways that support long-term reentry success and workforce stability.

Persevere: Skills & Training

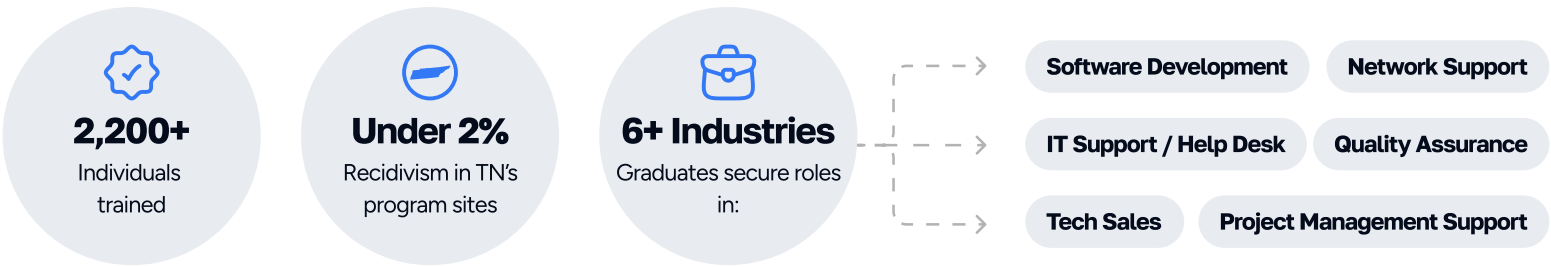

Persevere is a national nonprofit delivering technology training behind facility walls and in the community.

What Persevere Provides

- AI-enabled 6-month Full Stack & Digital Workforce curriculum (launching 2026)
- Digital literacy, career readiness, and soft skills
- Trauma-informed coaching and stabilization support
- Persevere Plus: self-paced independent study
- Multi-tier programming for jails, prisons, and community settings
- Employer-aligned training pathways
- State and local workforce partnerships

Persevere: Outcomes

Persevere prepares individuals with skills, readiness, and confidence.

Banyan Labs: Experience + Employment

Banyan Labs is the social enterprise of Persevere providing real-world technology experience, portfolio-building, and employer pathways.

What Banyan Labs Provides

- Paid project-based work for graduates
- Real client projects in software development and digital services
- Professional portfolio and resume support
- Training in communication, teamwork, and agile workflows
- Direct employer engagement and introductions
- Transition support into full-time employment

Banyan Labs Creates

Banyan Labs provides the experience employers want.

Work Experience

For individuals with no prior tech background

Full-Time Tech Careers

A bridge between training and full-time tech careers

Employer Trust

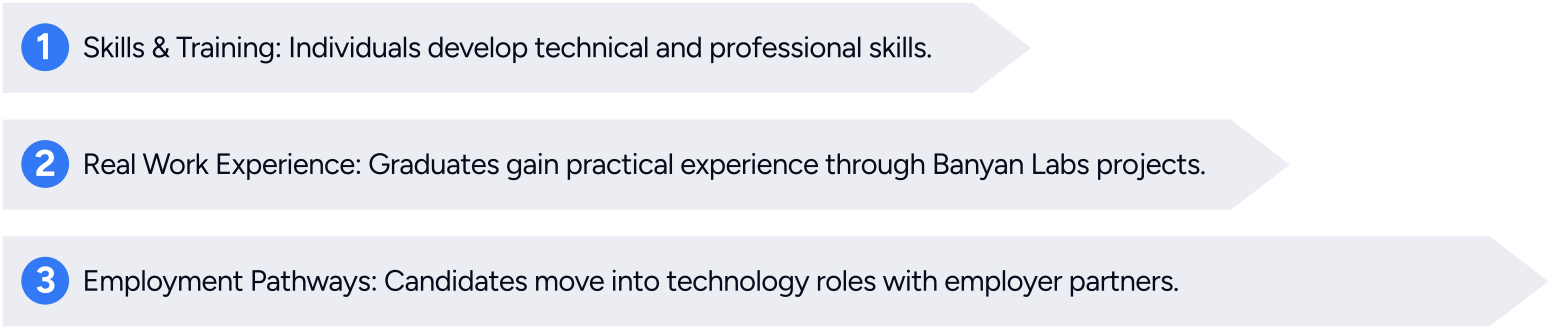

Confidence, credibility, and employer trust

Real Deliverables

Demonstrated proof of skills through real deliverables

Together We Create End-To-End Pathways

PERSEVERE™ > < BANYAN LABS /> > Career Placement

Why the Ecosystem Works

- Reduces recidivism
- Strengthens reentry stability
- Meets employer workforce needs
- Creates economic mobility for individuals and families
- Scales across facilities and communities
